There are significant elements of risk in any adventure sport or activity associated with a "rock gym": climbing wall, bouldering area, lead climbing, challenge course, slacklining, and/or incidental fitness training regimens and equipment (referred to herein as the "ACTIVITY"). We have taken reasonable steps to provide you with appropriate equipment and/or skilled instructors so you can enjoy an activity at which you may or may not be skilled; however, we wish to remind you the ACTIVITY has foreseeable and unforeseeable risks and certain risks cannot be eliminated without destroying the unique and exciting character of the ACTIVITY. The same elements that contribute to the unique and exciting character of the ACTIVITY can be causes of serious injury to persons, death, and/or loss of or damage to equipment and can occur by accident, through negligence, or even intentionally. It is important for you to know in advance what to expect and to be informed of the inherent risks.

PARTIAL LISTING OF RISKS: Some, but not all of the risks, foreseeable or unforeseeable, associated with the ACTIVITY follow:

1. Slips, trips, falls and/or collisions while using the climbing walls, bouldering areas, landing areas, work-out areas, floors below climbing walls, bathroom facilities, stairs, exits and entrances, and other facilities or equipment existing now or in the future;
2. Misuse of equipment or facilities, or failure of equipment and facilities, including but not limited to: loose or damaged holds, worn or defective ropes, and worn or defective safety devices;
3. Your physical strength, coordination, sense of balance, and ability to follow or give directions while climbing, belaying, or working out;
4. Abrasion from or entanglement with ropes or equipment; and
5. Bad decision making by you or your belayers, and the presence, actions (including mistakes), or falls of other climbers, belayers, observers; and
6. Falling objects including concrete pieces, rock, holds, bolts, climbing gear, and other related hardware.

EXPRESS ASSUMPTION OF RISKS: You hereby acknowledge that participation in the ACTIVITY is purely voluntary. In recognition of the inherent risks of the ACTIVITY in which you may engage, you confirm that you are physically and mentally capable of participating in the ACTIVITY and/or using all facilities and equipment situate at NTOPC. You participate in the ACTIVITY willingly and voluntarily, and you assume the risk of any and all personal injury and/or damages to or loss of your personal property that occurs while at NTOPC or while participating in any off-premise FWA/NTOPC-sponsored activity. You assume such risk even if the injury or damage is caused by the negligence of others, including but not limited to: members, visitors, FWA/NTOPC employees, officers, directors, agents, instructors, belayers or spotters. You further assume such risk whether the ACTIVITY in which you are participating is organized or unorganized, part of a class or instructional, supervised or unsupervised. You are aware of the meaning of the terms "unroped climbing" (bouldering), "Top-rope climbing", and "Lead climbing", and you understand the differences between the activities. You assume the risk(s) of personal injury, accidents and/or illness, including but not limited to: sprains, torn muscles and/or ligaments, fractures or broken bones, eye damage, cuts, wounds, scrapes, abrasions and/or contusions, dehydration, exposure and/or altitude sickness, head, neck, and/or spinal injuries, shock, paralysis, and/or death.

You will not engage in the ACTIVITY beyond your capabilities and will not cause any third party to be endangered by any of your actions during the ACTIVITY or while using the facility or equipment. You agree that sole jurisdiction and venue for any litigation involving any actions covered by this Acknowledgment and Assumption of Risk and Release of Liability shall be in Dallas, Texas. In the event that I file a lawsuit against FWA/NTOPC or any other Releasee, I agree to do so solely in the state of Texas, and I further agree that the substantive law of that state shall apply in the action without regard to the conflict law rules of that state.
